**023/10**        **EXHUMATION REQUEST**

Members considered the documentation that required Council's consent for the exhumation to be carried out. A councillor suggested that as the cemetery was in fact owned by the Borough Council, it should be that body completing the document. The Clerk advised members that the documents had to be completed by the Managers of the cemetery and that was the Parish Council. Other aspects of the proposal were discussed viz. disruption to adjoining graves, instability of the ground and future use of the space and what repercussions if permission was withheld. The Clerk will endeavour to obtain further information from the undertaker involved before the next meeting. The Chairman advised Members that he had already done some research into the matter and he had obtained information on the legislation regarding exhumations. He agreed to let each Member have a copy prior to the next meeting when the Matter would be discussed further.

There being no other business to discuss the Chairman closed the meeting at 7.55pm.
